Manufacturer	SKOFF

Product description

SHORT TANGO mini is a smaller version of the main product of this line. The width and length of the sides of a 6cm like a hole mounting or tin electro-installation should have a diameter of 5cm. The producer of the collection TANGO is a Polish company SKOFF, successful international trade fairs. We chose the device to our store, due to the persistence - 50 thousand. burning hours with the power consumption level 0,3-0,5W a very good performance. There is also a 2-year manufacturer's warranty.

For lovers of simplicity and modern design we have a consistent design. TANGO family is based on a square in aluminum or polished steel. There is, however, the appearance is the most characteristic feature. Short distinguished collection tucked away in the housing LED module, seaworthy only one side, which increases the degree of protection to IP56. You can thus create a curtain of light effect. The emitted light can be one of five colors: white, warm white, green, red or blue.

Ascetic form of the fixture allows you to create the room a lighting system that we need. Neutral appearance will not be conspicuous or in the office, or in your room, or the kitchen, but when you turn on the light - ensuring safety in movement, it will create a unique atmosphere and emphasize the interior space. Specifically, the device has been created to illuminate routes, risers, staircases, or for example. Cavity wall.

LED lighting fixture designed to illuminate routes.
