Product description

TANGO is a range of LED lighting fixtures inspired by the shape of a square, created as part of the Music Line collection of well-known Polish manufacturer - SKOFF. The line is characterized by flat lighting, energy-efficient luminaires with consistent design. They emphasize the architecture and interior design and eliminate glare, through appropriate lighting.

Presented here is a standard model for light fixtures of this family sizes, i.e. the width and the length of 7,3cm. The main difference in comparison with the base embodiment, the mounting - double sided tape or glue. It's a great solution for people with less montage experience, or for creative designers, who enjoy no restrictions, due to the shape and functions of the device. Check it not only on the stairs, in the corridor, but also as part of energy-saving lighting system and used eg. Sites furniture, where there are great opportunities to make holes.

TANGO STICK protect led-module, which guarantee low energy consumption and having durability at 50 thousand. burning hours. That light can be mounted in one of 5 color options: white, warm white, green, red or blue. Power consumption regardless of the severity of the degree of protection varies from 0.6 to 1W. The module is non-exchangeable, which further strengthens the whole structure but at a 2-year warranty, is a very good solution for modern lighting systems.

LED Lighting fitting, designed to highlight passages

Advantages:	• Long life - 50 000h • Very low power consumption • Robust design • Material: Aluminum
Application:	• illumination of passageways • stairs • stair risers • glass cabinets • wall light design

Available types

Symbol	Finishing	Colour of light	Power consumption [W]	Absolute luminous flux	Luminous efficiency [lm/W]	Indeks
ML-RS-G-W	Aluminum	white	0,8	19,2 ±0,5	25,3 ±0,4	ML-RST-G-W
ML-RS-G-WW	Aluminum	warm white	0,8	19,2 ±0,5	-	ML-RST-G-H
ML-RS-G-R	Aluminum	red	1,0	-	-	ML-RST-G-R
ML-RS-G-B	Aluminum	blue	0,8	-	-	ML-RST-G-B
ML-RS-G-G	Aluminum	green	0,6	-	-	ML-RST-G-G

Technical data

Supply voltage:	10 V DC
Light source:	LED
Installation:	using self-adhesive tape or glue
Ingress Protection Rating:	IP 20

Type of connection:	parallel
Recommended power supplies:	ZOL6, ZOL7, ZOL15, ZOL16

Commercial data

Device weight:	...
Device dimensions:	73 x 73 mm
Warranty period:	24 mo.

STICK

This product has additional options:

Light color: Warm white , Cold white , blue , Green , Red
Waterproof: IP20 , IP56 (+ 2.07 Euro)
