White led strip - SMD3528 300 / 5m waterproof - 4000-4500K

Price	16.30 Euro
Availability	Available
Number	2457
Manufacturer	RESTAN

Product description

White LED strip is a very universal choice of lighting for many spaces. The LED strip can be used as an ornament and allows you to illuminate paintings, mirrors or shop windows. In addition, the entire structure is properly secured and resistant to water and moisture. This increases the versatility of the product and allows it to be used in even more places. The possibilities of using the tape are limited only by the imagination of the users. We invite you to familiarize yourself with our other tapes in various colors.

LED strips - a modern solution capable of lighting advertising, furniture, shop windows and decorative lighting and utility rooms. LED strips offer minimal power consumption while providing high performance light. The small size combined with flexibility allows its use PCB where other light sources do not permit their assembly, or is difficult. The use of LED strip leaves only limited by your imagination.

Products offered by RESTAN feature - the highest quality of workmanship, found thanks to the recognition of the various embodiments where the investor require reliability and durability of LED lighting. LED strip production is monitored at every stage - from purchasing the highest quality components in the packaging process. This attention to detail ensures its reliable operation for many years.

Components for each tape led to: the highest quality LEDs, PCB laminate tested, selected resistors. Yes precise selection of components allows you to ensure uninterrupted operation LED strips for many years. Each roll of tape led a process of thorough quality control, ensuring our customers receive the highest quality merchandise. Highest quality LED strip is confirmed by a 2 year warranty.

SPECIFICATIONS

Dimensions Width 8 x thickness of 2.9 [mm]
Power supply 12 V DC
Power Consumption 2A/5m (0,4A/m)
Power 24W/5m (4,8W/m)
Type of applied LED SMD 3528
LED qty 300
LED viewing angle 120 degree
Ability to cut LED strip marked cutting line every 3 LEDs
Mounting a flexible laminate (white)
Mounting M adhesive tape placed at mid-life
Life 30 000 - 50 000 hours
